## Crafting your light

Imagined in Latvia in 2015, the Vassara lamps take their name from the Latvian word for “summer.” They draw inspiration from this season, offering not only a soft and warm glow but also casting poetic shadows that transform your home, reminiscent of magical lanterns.

Designed to suit your preferences and complement any interior style, Vassara lamps are crafted on demand. Whether you choose a design from our collection or opt for a fully custom creation, any combination of materials and colors is possible. Your lamp can evoke a futuristic aesthetic with plexiglass and nylon, a contemporary vibe with natural wood and cotton, or a vintage charm with wood and vibrant pops of color.
