

Modular sofa

CONSTRUCT

Fabric: Kuba, dark green 45
CONSTRUCT 2 with Fargo armrests and leg no. 13 – our favourite arrangement no. 3

CONSTRUCT

Design a sofa that fits perfectly into your home with the sofa concept CONSTRUCT.

The modularity of the CONSTRUCT concept enables you to mix and match a living environment that suits your needs.

The module system is available with three different heights on the front panel which gives each one its own expression – from the lightweight Scandinavian

model to the sofa in classic lounge style. In addition to this, you have the option of different armrests and legs, which makes it easy for you to create your own individual style.

Enhance the overall look with the fabric or leather type of your choice.

Construct the sofa of your individual needs in

SIX EASY STEPS

1. Choice of expression
2. Choice of legs
3. Choice of armrests
4. Choice of seating comfort
5. Choice of arrangement
6. Choice of fabric/leather

Fabric: Letto, dark blue 1022
CONSTRUCT 1 with Merano armrests and leg no. 17 – our favourite arrangement no. 2

STEP 1

CHOICE OF EXPRESSION

CONSTRUCT NO. 1

MINIMALISM – NEW NORDIC STYLE

Create a Scandinavian sofa style with lightweight look by choosing the **slim front panel**

Storage option is not possible

CONSTRUCT NO. 2

ELEGANCE – MODERN EXPRESSION

Build your own sofa with a **medium front panel** if you are looking for a sofa that calls for cosiness and comfort

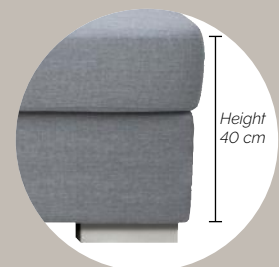

CONSTRUCT NO. 3

STYLISH LOUNGE – CLASSIC LOOK

Does your sofa need the perfect style for lounging? You can easily shape your own style sofa by choosing the **high front panel**

STEP 2

CHOICE OF LEGS

LEG 2
Round
nickelplated
leg
H: 20 cm

H: 5 cm

*The overall impression of your
CONSTRUCT is completed by
the choice of legs. Which style
fits your home?*

STEP 3

CHOICE OF ARMRESTS

ADELANTO
Rounded armrest
with a sure touch

MERANO
Rectangular and
minimalistic armrest

TALIDA
Armrest with soft,
round shapes

FARGO
Armrest with soft and
comfortable cushion

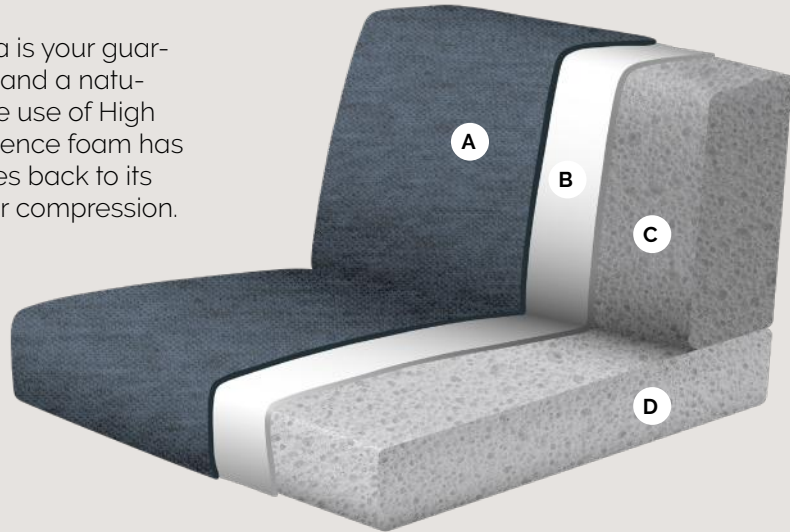

MILAN
Angled armrest with an
angular expression

STEP 4

CHOICE OF SEATING COMFORT

The design of CONSTRUCT sofa is your guarantee for great seating comfort and a naturally firmer expression due to the use of High Resilience foam. The High Resilience foam has a very fast recovery and bounces back to its original shape immediately after compression.

A

COVER

Enhance the overall look with the fabric or leather type of your choice

B

FIBRE

The use of fibre on top of the High Resilience foam ensures a soft seating comfort

C

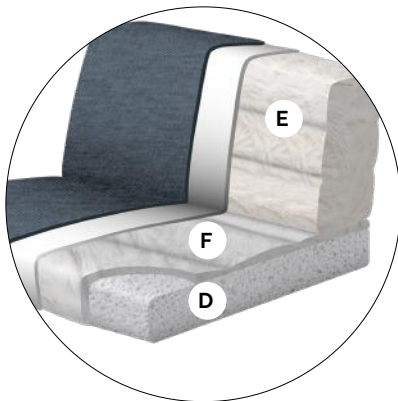

HIGH RESILIENCE FOAM

The use of High Resilience foam ensures a comfortable and long-lasting back cushion with the ability to retain its shape (quality: 30 kg)

D

HIGH RESILIENCE FOAM

The use of High Resilience foam ensures a comfortable and long-lasting seat cushion with the ability to retain its shape (quality: 40 kg)

ADDITIONAL CHOICE 1

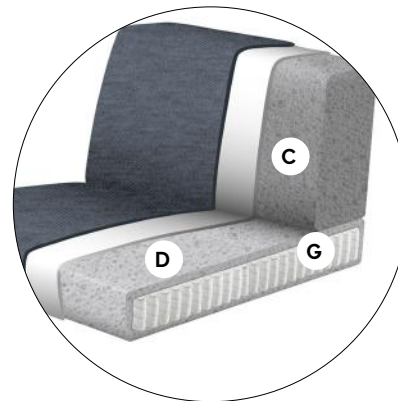

Choose the combination of seat with High Resilience foam and back cushions with a mix of fine cut foam, feathers, and pearl fibre if you want a sofa with good seating comfort and a softer expression.

E

Feather 10% + pearl fibre 45% and cut foam 45%

F

Feather 100%

ADDITIONAL CHOICE 2

Choose the combination of seat with pocket springs and back cushions with High Resilience foam if you want a sofa with extra support.

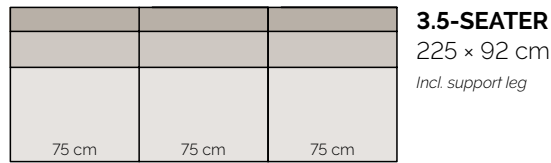

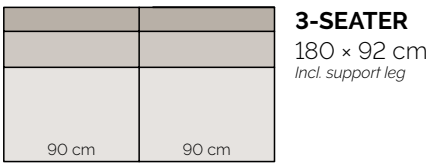

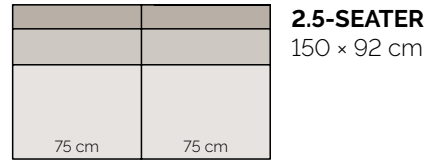

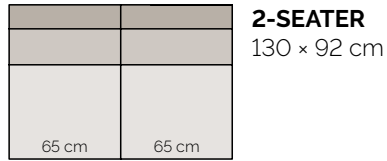

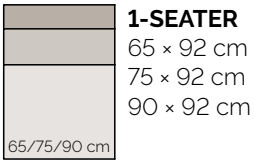

G

Pocket springs 80%

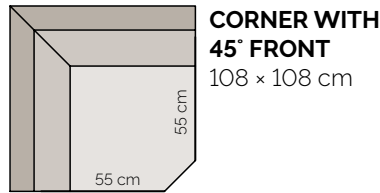

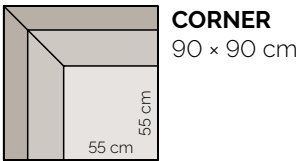

STEP 5

CHOICE OF ARRANGEMENT
