Ava

NEW

Designed by
Made Studio

Designed in collaboration with Spanish design studio Made Studio, the Ava sunlounger embodies trendy elegance with a confident, flowing silhouette. Its lightweight aluminum frame and sturdy wheels ensure effortless movement, while the all-weather cushion provides lasting comfort. Available in green and dune, Ava adds a refined touch of color to any poolside, garden or terrace.

Made Studio

"Balancing the rational and emotional."

Made Studio was founded in 2017 by Borja García and Laura Ros, emerging from their shared professional journey in industrial design and architecture. Their team balances function with emotion, crafting products and spaces that enhance daily life. With over a decade of experience, the founders of Made Studio present a manifesto of precision, from concept to detail. They take pride in transforming ordinary moments into extraordinary experiences through thoughtful design, ensuring that their creations not only serve but inspire.

The Gusto Chair

Designed by Made Studio, the Gusto chair draws inspiration from the honeycomb, a natural form that combines lightness with strength. This geometry is translated into a refined mesh structure that feels open and quietly expressive, creating a subtle play of light and shadow throughout the day. Approached as a balance between structure and comfort, Gusto reflects Made Studio's belief that outdoor design should feel intuitive and warm rather than rigid. Thoughtful in detail and harmonious in form, Gusto is created for contemporary outdoor living where comfort and character go hand in hand.

The Ava Sunlounger

For Made Studio, the Ava sunlounger began as a study in balance, proportion and clarity. Designed by the Valencia based studio, the design was shaped around the idea of creating an architectural yet visually light sunlounger, refined to its essential lines and soft curves. By reducing the structure to its pure geometry, Made Studio allowed form and proportion to guide the design. The result is a calm, sculptural piece where comfort is defined through thoughtful design, precision and restraint, seamlessly integrating into contemporary terrace and poolside settings.
