KRISTEL

Dear Ma'am Kristel:

Every Monday, despite all the frustrations and idleness we have after just spending a weekend na parang ilang minuto lang, we feel so much better every time we see you in our geometry class. Kahit matawag pa sa recitation, tuwang-tuwa na po kami dahil nakakasama po namin kayo kahit sandali lamang. Sa bawat pagtapos po ng klase, your warm farewell to us always completes our day and give us the joy and motivation we need to get through everything.

Your radiant smile and altruism are our sources of strength and happiness—a ray of sunshine, indeed. Ramdam po namin ang kagustuhan niyo na tulungan kami at lalong maintindihan ang mga lessons. It's really reassuring to have a teacher like you amidst all chaos and doubts in our lives. Your kind words, genuine love, and dedication in education save lives. Although we seldom see and talk to each other, it is still easy to build meaningful connections with you because you are so approachable and compassionate to everyone, no exceptions. Your gentle soul and empathetic nature put a smile on our faces every time.

We are so proud of you, ma'am! Each of us knows how much effort you put in everything you do and the courage it takes to stand in front and share knowledge to everyone. Congratulations to your final demonstration po and we hope you had so much fun with your students! You conquered many battles, and together with 8 Edison, we will withstand all obstacles!

Every time you feel like no one could understand and hear you out, Ma'am Kristel, always remember that God is always here to give you the push you need! Edison's love for you is like dividing by zero (0), it cannot be defined.

We are always here to cheer the loudest for you! Always strive for excellence and be the strongest bridge of knowledge.

Very truly yours,
8 Edison

Dear Ma'am Morales,

Most people only get one tuesday a week, but Edison has been lucky enough to see her everyday! We are so grateful to have you Ma'am Tuesday as our student teacher, we appreciate the efforts you give in helping your students with lessons and certain tasks that we can't seem to get ahold of. We thank you for the patience and kindness you have given to your students and for always giving us encouragement every single day. I hope you enjoyed the time you spent with us as much as we enjoyed the time we spent with you.

A lot of people wait for Friday to come but we always look forward to seeing you, Ma'am tuesday, and that says a lot about you. You've become one of the highlights of our sophomore year, and when time passes, please always look back at us, your students, and remember how much we love and appreciate you. May God continue to bless and guide you in the next journey that life has in store for you. We are forever thankful for everything, Ma'am Tuesday 💞

Minamahal naming Binibing Sharmaine,

Makasaysayang Araw po! Para sa araw na ito, gusto po naming ipadama ang aming matinding pagmamahal at pagpapasalamat para po sainyo.

Sa kaunting panahon na ikaw po ay aming nakasama, lubos po namin itong naramdaman at nagagalak po kami na ikaw ay parte ng aming masasayang alaala. Kami po ay lubusang nagpapasalamat dahil ginamit n'yo po kami para sa inyong demo.

Maraming salamat po sa inyong walang sawang pasensiya at pagmamahal para po sa Edison 😁 Kahit po kami ay pasaway at magulo po tuwing klase, hindi n'yo po kami sinigawan at minamabuti n'yo po na kami ay intindihin.

Super duper mega na appreciate po namin yung gift n'yo po for us hehe thank you po kase nagkaroon na po kaming lahat ng correction tape 🫶 Salamat din po dahil kapag po marami po kaming tanong, minamabuti n'yo po na ito ay sagutin kahit paulit-ulit na kami hehehe

Maraming salamat po sa suporta at pagmamahal na umaapaw para sa amin. Nariyan po kayo hindi lang upang maging guro ngunit para rin kami ay gabayan at samahan sa aming trip sa buhay-buhay bilang estudyante.

Kami po ay sobrang namamangha sa inyong dedikasyon at pagmamahal sa pagtuturo at pati sa amin bilang inyong estudyante. Dito man magtatapos ang school year na ito, alam po namin na kayo po ay patuloy na nasa aming memorya at kung mamarapatin ay makikita po uli namin sa future! buti nalang may digital world na HAHSGDHHDD

MA'AM MECA

Dear Ma'am Meca,

Habang papalapit na ang pagtatapos ng school year 2025–2026, halo-halo na ang nararamdaman namin—masaya kasi tapos na ang schoolworks at exams (yes, finally), pero malungkot din kasi magpapaalam na kami sa inyo, isa sa pinaka memorable naming teacher. Gusto naming gamitin ang pagkakataong ito para magpasalamat sa lahat ng itinuro at ibinahagi ninyo sa amin, hindi lang sa AP kundi pati na rin sa mga aral sa buhay.

Kahit na may mga pagkakataon na lutang kami, inaantok, o nag-o-overthink kung "lalabas ba 'to sa test, Ma'am?" nandiyan pa rin kayo na matiyagang nagtuturo, nag-eexplain ulit, at hindi sumusuko sa amin. Sobrang thankful po kami sa inyong dedication at passion sa pagtuturo, dahil ramdam namin na gusto ninyo talaga kaming matuto at hindi lang pumasa.

Thank you rin po sa pagiging understanding ninyo sa amin kahit minsan maingay, makulit, o sabog ang sagot namin, at sa hindi niyo po paghuhusga sa amin sa tuwing recitation po natin, wala pong maling sagot.

Habang nagtatapos ang taon, gusto naming sabihin na dala-dala namin ang lahat ng natutunan namin mula sa inyo—hindi lang yung lessons kundi pati yung values at perspective sa buhay. Sana kahit papaano ay napasaya rin namin kayo bilang klase ninyo (kahit medyo pasaway minsan), at kung may mga pagkakataon man na nagkulang kami, sana po mapatawad ninyo kami.

Mula sa aming puso, maraming maraming salamat po, Ma'am Meca, sa inyong walang sawang pagtuturo, sa inyong kabutihan, at sa pagiging guro na hindi lang nagturo kundi tunay na nagbigay inspirasyon sa amin. Legend po kayo sa amin, no joke HAHAHAHAHAHAHA

At kahit magpapatuloy na kami sa susunod na yugto ng aming pag-aaral, hinding-hindi namin makakalimutan ang mga aral at alaala na iniwan ninyo sa amin—mananatili kayo sa puso at isip namin habang buhay. We will truly miss you, Ma'am. 💙💙

WATCH OUT!
THANK YOU TROPAPIPS!
Hello
my name is
Jeff

Dear Sir Jeff,

We know that these words would not express everything na pinaramdam mo sa amin, but of course this can be a small way for us to show our gratitude for your existence in our class. Thank you for your efforts in coming to our class, and thank you rin po because kami ang napili mong gamitin for your Final Demonstration. It really means a lot to us na naging part kami ng isa sa mga importanteng moments ng teaching journey mo.

Thank you rin po kasi kahit naging kabado ka noong first time mong pupunta sa section Edison, you still gave your best to teach and connect with us. And who would have thought na kami pala yung magiging isa sa pinaka-close mong section and isa sa mga section na naging comfortable ka po. Nakakatuwa lang isipin na from pagiging medyo awkward at first, naging masaya at magaan yung atmosphere every time na klase mo na.

We always appreciate everything you do for us. Kahit minsan ang kulit-kulit mo sir—JOKE HEHEHE—but seriously, thank you for being patient with us kahit na sobrang kulit at maingay namin minsan. Hindi ka napapagod na i-handle kami kahit minsan chaotic na yung class, and we really admire that about you.

Thank you rin po because every time we need someone na makakausap, nandyan ka to listen and comfort us. Hindi lang po kayo naging teacher sa amin, but also someone we can trust and feel safe talking to. Napakalaking bagay po sa amin yung pakiramdam na may teacher kaming pwedeng lapitan anytime.

Super, super thank you rin sa mga kwento mo na laging nakakatawa at nakakagaan ng mood ng class. It made our classes more memorable and enjoyable po. Thank you also for pushing us to improve our talents, and for always making sure na na-ma-maximize namin 'yon. You always remind us na kaya namin gumawa ng more than what we think we can do, and you really really helped us grow.

Thank you so much for everything, Sir Jeff. We will always remember the memories, lessons, and laughs that you shared with Section Edison.

— 8-Edison 💙

MARAMING
SALAMAT PO!
Sir
KENNETH

Mahal naming Ginoong Kenneth,

Isang mapagpala at masayang hapon! Nais po naming kunin ang pagkakataong ito upang ipaabot ang aming taos-pusong pasasalamat at ang aming pinakamataas na pagkilala sa inyong husay at galing bilang aming guro sa Filipino.

Alam namin na sa madaling panahon lamang tayo nagkasama, ngunit sa loob ng maikling sandaling iyon ay tunay na tumatak sa amin ang inyong dedikasyon. Hindi naging hadlang ang oras upang hindi namin maramdaman ang inyong pagpursige na kami ay matuto. Ang bawat komento ninyo sa aming mga gawa at ang inyong matapat na paraan ng pagmamarka sa bawat gawain ay nagsilbing inspirasyon sa amin upang higit pang magsumikap at baguhin ang aming mga kahinaan tungo sa mas malalim na pag-unawa.

Maraming salamat po sa tiwalang ibinigay ninyo sa amin nang piliin ninyo kaming maging bahagi ng inyong teaching demonstration. Isang malaking karangalan po para sa amin na mabigyan ng pagkakataong ipakita ang aming galing at potensyal sa harap ng inyong mga kapwa guro.

Higit sa lahat, salamat po sa inyong walang sawang paggabay at sa mahabang pasensya na inyong inilaan para sa aming lahat, kahit sa mga araw na kami ay makukulit at mahirap pagsabihan.

Ngayong araw na ito ay magtatapos na ang ating landas bilang guro at mag-aaral, ngunit ang mga aral na inyong itinanim sa aming mga isipan at puso ay mananatili habambuhay. Nawa ay naiparamdam namin sa inyo kung gaano kami kasaya at kapalad na naging bahagi kayo ng aming buhay sa Baitang 8.

Dalangin po namin na ang susunod na yugto ng inyong karera bilang isang guro ay mapuno ng mas marami pang biyaya, tagumpay, at tunay na kaligayahan mula sa Maykapal. Patuloy po kayong magsilbing liwanag sa iba pang mga estudyanteng mapalad na mapupunta sa inyong pangangalaga. Padayon!

Lubos na nagmamahal at nagpapasalamat,

Baitang 8 - Pangkat Edison

Binibining Montaño

Aming minamahal na Binibining Montaño,

Mapagpalayang Araw po!
Ngayon ay ang huling araw ng klase, masaya man dahil tapos na ang paghihirap ay lubusan din kaming nalulungkot sapagkat ito na rin ang huling araw upang ikaw ay aming makasama.

Maraming salamat po sa inyong mahabang pasensya at paggabay sa buong pangkat upang kami ay maging mahusay. Maraming salamat po sa mga aral na inyong ibinahagi sa akin at sa pagtulong tuwing kami ay nahihirapan.

Sa maikling panahon na ikaw ay aming nakasama, ito ay puno ng kasiyahan at magagandang memorya na patuloy na mananatili sa aming isipan.

Hindi po namin makakalimutan kung paano po kami napalapit sa inyo dahil sa mga kuwentuhan at dahil ikaw ay nakikinig sa amin.

Ikaw ay isang inspirasyon sa amin upang mahalin at bigyang pansin ang panitikang Pilipino. Dahil sa inyong tulong, lubos naming naunawaan at naramdaman ang awiting Florante at Laura at ito ay naging paraan upang aming mapagtanto ang kagandahang tinataglay nito.

Patuloy nawa kayong maging inspirasyon sa ibang estudyante sa hinaharap. Nawa ay hindi mawala ang dedikasyon at siklab upang magturo sa inyong puso.

Lagi n'yo pong tandaan na narito po kami, buong Edison, na patuloy na naniniwala sa inyong kakayahan at laging narito upang ikaw ay suportahan.

Maraming salamat po sa lahat Binibining Montaño. Padayon!

Nagmamahal,
Edison Babies

PIELAGO

Dear Ms. Pielago,

Good Day Madam! As we say goodbye, we want to express our heartfelt gratitude for the patience and understanding you've shown us. Your ability to break down complex math concepts into manageable pieces, coupled with your unwavering support, made a significant difference in our learning journey. You've created an environment where we felt seen, heard, and valued—where mistakes werestepping stones to growth, not setbacks.

We're reminded of the countless ways you shaped our understanding of numbers and beyond. Your passion for math was contagious, making equations and theorems come alive in ways we never thought possible. Your dedication went beyond the classroom, pushing us to see the beauty in problem-solving and the logic that underpins our world.

Your patience reated a space where we felt encouraged to ask, to learn, and to grow without fear of mistakes. You'll be remembered not just for the formulas and theorems, but for instilling in us a sense of curiosity and resilience.

Your kindness and empathy will stay with us long after you leave our classroom. Thank you, Ma'am Pielago, for being a teacher who not only taught mathematics but also taught us the value of patience, perseverance, and kindness. We'll carry these lessons with us always.

And as you move forward, know that the impact of your teaching will ripple through the lives you've touched. Thank you, Ma'am Pielago, for being more than a teacher—you've been a guide, a mentor, and an inspiration.

Truly yours,
8-Edison Babies

Dear Sir Dexter:

Greetings with the power of education!

We are the blessed students of grade 8 Edison, witnesses of your dedication and perseverance in education. We are writing to express our endless gratitude and love for our student teacher who has seen us at our worst and helped us learn from our mistakes. It is truly an honour to be part of your journey and make countless memories with you. Although we were blessed with such little time, it did not hinder us at all to build deep connections and strong bonds that will be cherished in our hearts forever. Our after-class chikas and q&a portions about our lessons are and will always be the best part of the day. It is so nice to have someone who understands our sides and always makes sure to remember our lessons everyday.

Even though you call on us unexpectedly during recitations, it still makes us happy. Although it can be humiliating to be called so suddenly and have no answer to give, this embarrassing experience actually teaches us discipline, patience, and the love for learning. It makes us more alert and attentive towards upcoming lessons to never let you down again. We love how patient you are when teaching. If we don't get the lesson quickly, you put educational videos that aren't boring but instead fun enough to understand, your laughter shines even the oldest stars, it's a tune that makes us laugh all together.

Being a leader is hard but you make it look so easy! You're a natural born leader with many outstanding talents that many people in your league recognize. Your snarky comments make the room feel alive and full of harmony. The very first time you went in our classroom our whole class was amazed by your presence. We truly appreciate your patience and dedication in teaching us. You make sure that we understand the lessons, and you even provide engaging materials that make learning more enjoyable. Because of you, we are motivated to improve our skills and do better in class.

Your commitment to teaching goes far beyond the classroom it shapes our minds, builds our confidence, and strengthens our character. We may not always express it, but your efforts mean everything to us. Thank you for believing in us, guiding us, and continuously inspiring us to strive for excellence. Because Magsaysay Mahusay, Mahusay Magsaysay!!

Sincerely,
Edison

Miss Princess Artates

Dear Miss Artates:

Greetings with the power of education!

I hope this letter finds you in good spirits and well-being. We are the students of grade 8 Edison, indebted and grateful for your continued support and perseverance in gently guiding us in many journeys of our life. We are writing this in order to fully express our warm appreciation for the days we have shared together where countless lessons and tons of happiness can be found. Regardless of how little time we were blessed with, we were still able to create memories and bonds that are to be cherished by each in every one of us. The moment you walked into our classroom, we were greeted by your radiant and tender presence that gave us daily motivation to keep going and do our best. To tell you the truth, we were all amazed by you, the way you carry yourself while walking, how your voice is just as sweet as honey, and how you made a stand so powerful that it can linger for an eternity. I could list every positive thing that we noticed about you but even so it's still not enough. Your beauty and intelligence extends worlds that we couldn't still comprehend, even the multiverse is awed by you. Gravity compels towards you even the sun shines brightly when you're around, everyday feels like an adventure waiting to happen! Thank you for being a teacher we could be safe with and help us realize and learn from our mistakes. Edison is always here to cheer the loudest for you in every path you take, Ma'am Princess. Nothing is for sure, but this is definitely one for the books. Strive for excellence and be the strongest bridge of knowledge.

Sincerely,
