We grow strategic partnerships consistently for our members!

# How to Engage with Strategic Partners

How you engage is a key to attracting high-level partnerships, including referrals!

- Most strategic partners exhibit at our conferences. Come to a conference and preschedule meetings with them, or go to their table. Come to our shows on a mission to do higher-level business!
- Text them to schedule a meeting to discuss how you can work together. Let them know you're in Achieve!
- Follow them on social media. You can easily find them in our Facebook exclusive group.
- Please reach out to your alpha leader for recommendations. Text list provided in this Rolodex!
- Strategic partners are not guaranteed to do business with you. You must attract them, but being a member gives you an advantage.

*Strategic partners are vetted companies we engage with that believe in our mission and can collaborate with members they are attracted to work with. By being a member, you have an advantage to grow these relationships to benefit your business!*

# Achieve Members Opportunity Central
