# Discover Ohio's Grand River Valley

**OVER 60% OF OHIO'S GRAPES ARE GROWN RIGHT HERE  
IN THE GRAND RIVER VALLEY, MAKING IT THE STATE'S  
HEART OF WINEMAKING.**

This federally designated American Viticultural Area (AVA) spans Lake and Ashtabula Counties, where retreating glaciers left behind fertile soils, rolling slopes, and valleys that create the perfect environment for vineyards. With over 30 wineries, the GRV is one of the fastest-growing wine regions in the Midwest. Its unique landscape, cool-climate grapes, and innovative winemakers make every glass a taste of something extraordinary. Join us for a glass today. Cheers!

# How to Use This Guide

Enjoy three types of winery experiences in the Grand River Valley

## Signature Winery

At Signature wineries, guests can expect to find rows of vineyards growing grapes used to produce Grand River Valley estate wines. Inside, wine sampling is encouraged to help guests make a selection that suits their taste (please note that Ohio law requires a charge for samples). Food choices are available for pairing; wine always tastes better with food! Signature wineries are open 5-7 days a week.

## Artisan Winery

Artisan wineries are small-scale wine producers that focus on producing high-quality, handcrafted wines. These wineries are characterized by their emphasis on traditional and manual winemaking techniques, attention to detail, and commitment to producing unique and distinctive wines. Guests can expect a light menu to pair with their wine experience.

## Casual Winery

Casual wineries offer a laid-back, relaxed atmosphere. These locations cater to visitors who want a comfortable and informal setting. Many have a full menu to accompany their wine list. Guests often enjoy live music and a variety of beverages. Every location has a story: be sure to ask about the history of the winery or a specific wine while you are there, and learn what they are known for.
