Operation

Saves You
Money

**Save time, money and the planet
with HyGe[®]**

A typical 4-chair dental practice uses 75,000–100,000 plastic wipes annually, costing around £4.70 per 200. By switching to 5 HyGe dispensers with disinfectant and paper rolls, practices can **save** approximately **£1,700** in the first year and nearly £10,000 over five years.

offer!*

Sonicare 5300-7100 series

Help your patients choose the right brush for them

Philips Sonicare toothbrushes operate with sonic technology. Brush heads move up to 62,000 times per minute, creating microbubbles that support cleaning between teeth. They are clinically proven to deliver a superior clean compared to a manual toothbrush while being more gentle on teeth and gums.

Interested in how Sonicare can support your practice goals and patient oral health?
Ask us for more information about our Sonicare trial programme.

	Sonicare 5300	Sonicare 6500	Sonicare 7100
Brush modes:	1 brush mode, 2 intensities	3 brush modes, 3 intensities	4 brush modes, 3 intensities
Smart sensor technology: Light ring illuminates purple Vibration and pulsing sound	✓	✓	✓

Who we are

Established in 1969, BF Mulholland has grown to become Ireland's first choice for service, supply and support in the dental industry.

Our comprehensive services cover all aspects of clinical supply and support, including:

Over 15,000 products

We carry an extensive range of high-quality dental supplies, from everyday great value to premium brands.

Trusted by professionals

We've built a reputation for trust, consistency and long-term support that our customers can rely on.

The industry's biggest brands

Let's keep in touch
