

ORFORD

— EST 2025 —

The background of the entire image is a close-up, high-resolution photograph of a wood grain. The wood has a rich, warm brown color with prominent, wavy, and swirling patterns that create a sense of depth and texture. The lighting is slightly darker towards the top and bottom edges, making the central area where the text is located appear more vibrant.

## Ore

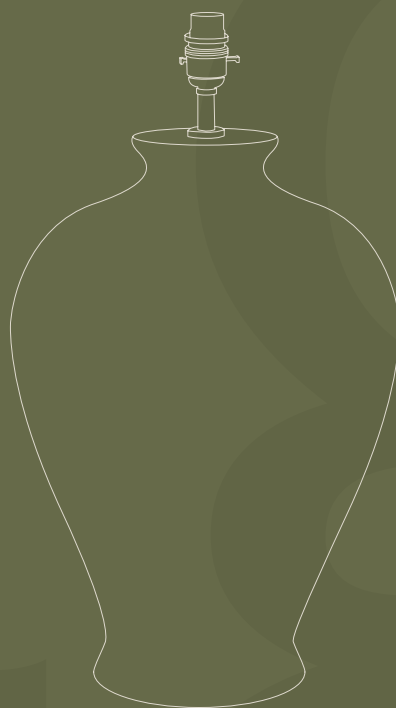

Bold and architectural, this lacquer table is a statement piece that effortlessly anchors a contemporary interior. The minimal silhouette — defined by clean lines, octagonal legs, and a slim rectangular frame — offers a sense of modern restraint, while the rich, lacquered finish introduces a touch of drama and sophistication. The reflective surface subtly catches light, adding depth and a sleek contrast to matte or textured finishes in a space.

## Jago

Inspired by the splatters used in Spanish and Italian pottery, this piece has a timeless silhouette with a feel of contemporary artistry. This ceramic table lamp makes a striking statement in any interior. The classic urn-shaped base is reimagined with a bold, expressive blue splatter glaze on a soft ivory background – an artful fusion of tradition and modernity.

## Brundish

A masterclass in subtle sophistication, this desk offers a refined balance of elegance and functionality. Its sharply tapered legs and seamlessly integrated dual drawers exude a minimalist ethos, while the natural grain of the wood adds organic warmth. Burnished bronze hardware punctuates the piece with a modern edge. Perfectly proportioned for entryways, living rooms, or home offices, this table brings visual lightness while offering practical storage.

## Slow Design

Made in the UK using sustainable, responsibly sourced materials, Orford pieces are designed to last — reducing waste and honouring the energy behind every object. We favour craftsmanship over mass production and build with longevity in mind. Fewer, quality pieces. Thoughtfully made, beautifully lived with.
