 **PFLEIDERER**

**Gloss Prospects.  
Gloss by Pfleiderer.**

# Our best gloss yet – for your brilliant ideas.

High gloss surfaces are very fashionable. With High Gloss (HG) we are presenting a gloss variant which, as well as offering surface smoothness also has a perfect gloss level. With its extravagant mirror effect, the structure will attract everyone's attention. This makes it the ideal choice for areas, where you are hoping to achieve as much attention as possible. As DecoBoard, High Gloss (HG) can be combined with a variety of core materials and decors from the Pfleiderer DST-Collection, and additionally available as HPL and flat-bonded elements (with PUR glue if required) in 300 different decors.

Pfleiderer is thus offering the most comprehensive and varied range possible – High Gloss in colour match and in premium quality, with the most suitable core for your requirements. Ask for Pfleiderer High Gloss!

Best quality  
DecoBoard HG:

Perfect gloss,  
enhanced surface!

**High Gloss (HG) structure:**

- The best Pfleiderer High Gloss structure yet
- Extravagant mirror effect
- Can be combined with a variety of core materials and decors from the DST-Collection
- As HPL and flat-bonded elements in 300 decors

# DecoBoard.

## In smoothness lies glossiness.

Gloss Prospects: Hansen menswear in Cologne

Glossy times are awaiting you: With our DecoBoard HG the highest quality is achieved by production with proven re-cooling technology. Pfleiderer offers a variety of core materials for various requirements, from P2 and low emission MDF, through to highly flame-retardant or lightweight options. In our DST-System High Gloss can be combined with 180 decors.
