

# MADE FOR ADVENTURE

Zootility Tools was born from the desire to make tools that were easy and fun to carry. Our name pays homage to our animal-themed utility tools.

As an Eagle Scout and multi-day backpacking enthusiast, I started designing products that I could take hiking and use everyday. I needed products that were lightweight, ultra-thin, durable, and made from the best materials.

10 years on, Zootility still stands for the ideals I founded it on: minimal designs engineered for an outdoor lifestyle that are made in USA and guaranteed for life.

# JOIN US IN MAKING A DIFFERENCE

We invite you to be part of our journey—valuing quality over convenience, craftsmanship over mass production, and community over corporate interests. By choosing Zootility, you're not just buying a product; you're investing in American innovation, supporting local jobs, and carrying a piece of the American Dream in your pocket.

## DESIGN WITH **PURPOSE**

We are makers at heart. Our passion lies in creating minimalist, intentional designs that push the boundaries of what's possible without compromising function. We craft solutions that meet real needs and that we take pride in producing.

## COMMITMENT TO QUALITY

We build our products to last a lifetime. Using durable materials and precision engineering, we ensure every tool can withstand daily use. That's why we offer a lifetime guarantee. If your Zootility product doesn't perform as promised, we'll repair or replace it—no questions asked.

## PROVEN **SELL-THROUGH**

For over 12 years, Zootility has been a trusted brand in wholesale, delivering innovative, American-made products that drive strong retail performance. With over 500,000 PocketMonkeys sold, our products have a proven track record of high sell-through and lasting customer appeal. Retailers count on Zootility for unique, high-quality designs that stand out and sell.

The Rift Belt uses a patent-pending "rift" slot for infinite adjustability with quick connect, disconnect, and friction-locks without any slippage. Laser cut from Stainless Steel and Abrasion Resistant Nylon, the belt is built to look fashionable day in and day out. This belt is One-Size-Fits-Most up to a 50" waist. It can be worn as is or can also be cut to length with scissors and seared with a flame.
