Adventure in Nature's Classroom

Music and Band Camp

Camp Arnes offers an excellent facility for band or choir camp. Thirteen convenient sectional spaces, music equipment, and the opportunity to enjoy great activities between sessions make it a hit with students and directors alike!

Outdoor Education

It's here where students learn skills like fire and shelter building, how to shoot a bow, and the value of working together. Fun and learning are so interwoven that students can't tell where one begins and the other ends!

Autumn

Fall at Camp Arnes is a great way to start out the school year. Your students will enjoy the beauty of changing leaves as they fly through the air on the Giant Swing, ride down the Zipline, and work together to finish the Initiatives Task Course.

Winter

Enjoy Manitoba's winter wonderland with outdoor activities like snowshoeing, ice fishing, and cross-country skiing. Once all the fun is done for the day, spend some time in front of our cozy fireplaces warming up with a mug of hot chocolate!

Spring

Sunny days and crisp air are the perfect environment to wrap up the school year. Climb up on our High Ropes Course, try for a bullseye at Archery, or enjoy the peaceful sound of bird calls as you walk one of our nature paths.

What Schools are Saying:

"Great balance between educating students and allowing them to be active and have fun"

"They are activities we cannot re-create in the classroom"

"Camp Arnes continues to be one of the most rewarding experiences I have with my kids!"

"Staff was great and enthusiastic. An amazing experience overall."

Beaver Bus Lines is a family-run charter bus company operating out of Winnipeg, Manitoba for over 50 years. John Fehr Sr. purchased the company in 1972 and since then it has grown into the largest charter bus company in Manitoba.

We offer 16, 36, 40, and 54/56-passenger luxury motorcoaches, driven by professional and courteous drivers. Our motorcoaches come equipped with reclining seats, USB/110 volt outlets, CD/DVD, interior overhead compartments, large under-bus luggage compartments, and washrooms. Another economical option for local transportation is our 47-passenger transit-style buses which have reclining seats and air-conditioning.

We pride ourselves in providing safe, luxury group transportation to all points in Canada and the USA at a competitive price. We are large enough to handle your needs, as well as small enough to provide the "personal touch." Whether you have to get your group across the country or across town, we're at your service.

Fehr-Way Educational Tours is proud to have earned the reputation of being the industry leader, specializing exclusively in Student Group Travel. We take great care in each of our student tours. Our experience has shown that every successful student tour must be educational, economically priced, and exciting!

Educational travel is an important aspect of learning as schools prepare students to compete in a more complex world. Travel brings curriculum alive for many students who learn best when experiencing concepts their teachers present, and can motivate students to apply themselves in the classroom. Additionally, travel teaches young people communication skills which will help them succeed as adults in a global society.

We would be happy to help you discover the tour that perfectly fits you. Call Dave Robinson at (204) 981-6828.

Discover Manitoba's Past

CANADIAN FOSSIL DISCOVERY CENTRE

80 million years ago Manitoba was right in the heart of a saltwater sea called the Western Interior Seaway. This seaway was home to some of history's most fearsome creatures - turtles the size of cars, toothed birds, extinct sharks, giant cousins of squid and octopuses and marine reptiles longer than a bus - all on display in Morden, MB!

Learn about Manitoba's palaeontology and geology with school tours tailored for your group. Activity / lunch room and documentary theatre included.

BRUCE D. CAMPBELL
**FARM AND
FOOD DISCOVERY
CENTRE**

Students get hands-on learning at the Farm and Food Discovery Centre

Located 15 minutes south of Winnipeg on Highway 75, the Bruce D. Campbell Farm and Food Discovery Centre offers an interactive and educational environment to explore modern farming and food production.

From the moment students walk through the doors, they'll be greeted by sights and sounds of agriculture all around them. Colourful exhibits take them through a farmer's field, from planting to harvest, allowing them to learn about the many factors that influence crop production, from soil to climate.

Students can explore livestock production practices through the viewing windows into the hog, dairy and egg layer barns. In the dairy facility featuring robotic milkers, students learn about milk production and follow the steps milk takes to get to the store. In the egg layer barn, they will see how

egg farmers care for their hens and watch how the eggs are packed before heading to market. Food processing, food safety, and human nutrition are highlighted in the demonstration kitchen where students prepare foods to bring the food production journey full circle.

Educators can select from eight curriculum-focused programs, including the popular Farm to Fork, Life in a Handful of Soil, and Discovering Dairy. All activities connect curricular themes found in social studies, science, geography, health, and nutrition to the food we eat.

Open Tuesday-Saturday - 10:00 am – 4:00 pm
(February to mid-December).

Contact 204-883-2524 or visit www.ffdc.ca for admission costs and more information.

Come explore the Farm and Food Discovery Centre!

Where does our food come from? How do we take care of the environment and the animals? What is the connection between nutrition and health? Through our curriculum-based, hands-on workshops, your students will explore the science behind how food is made, learn about sustainable agricultural practices, and turn locally produced, nutritious ingredients into tasty treats in the kitchen. Located 15 minutes south of Winnipeg on Highway 75.

Select a workshop that fits your needs - see all of our programs at ffdc.ca

THIS CHARMING COMEDY IS SURE TO WARM YOUR HEART

Lovesick Nemorino, the poor, but good-hearted country boy, has fallen madly in love with the rich, smart, and beautiful Adina. She's out of his league, but luckily the scheming Dr. Dulcamara has just the cure for what ails him: drink his celebrated love potion and within 24 hours, Adina will be unable to resist him. Will this magical tincture really work?

BE SWEEPED AWAY INTO A WORLD OF YOUNG LOVE & ROMANCE

Poor in cash but rich in dreams, the poet Rodolfo and the frail but beautiful seamstress Mimi chance upon each other one cold winter's night and fall in love. But soon winter fades, taking with it the love of a lifetime. Set in the Latin Quarter of Paris in the 1830s, this true-to-life tale of struggling young artists living life to the fullest will make you laugh and break your heart.

TCM THÉÂTRE CERCLE MOLIÈRE

Théâtre Cercle Molière is proud to offer an ensemble of school performances and activities designed to introduce theatre to younger generations, feed the imagination and spirit and tackle subjects that are enriching and thought-provoking in a dynamic and artistic context.

With one hundred years of history, TCM seeks to bring Manitobans together through French theatre and culture. We collaborate with local, national and international artistic and community organizations, the education sector and citizens to build a strong, creative, open and interconnected community.

WISE Kid-Netic Energy

offers hands-on, curriculum-based science, technology, engineering and math (STEM) programs for Grades K-12. We deliver workshops and host summer camps in locations across Manitoba, and offer extracurricular clubs and events year-round! We aim to inspire & empower youth by providing access to quality resources and activities, enriching STEM education for all Manitobans!

IN-CLASS WORKSHOPS

Our workshops feature memorable hands-on STEM activities designed to be brought right into school classrooms or community centres. Each workshop links to the Grade K-12 Manitoba science curriculum, and is delivered by a university student studying in a STEM or education-related field. When you book a workshop with us, we bring all the materials to your location (up to 1.5 hours from Winnipeg during the school year, and even further in May & June). We have a catalogue of workshops to choose from, featuring a variety of science topics!

For more information and to book us, visit wisekidneticenergy.ca.

Shine On

Experience Adventure and Learning at Camp Stephens

Nestled on the stunning Lake of the Woods in Kenora, Ontario, Camp Stephens invites school groups to embark on an unforgettable adventure with our 3 or 4-day Overnight Island or Wilderness Canoe Trip experiences.

Island Adventure - On our island, students and teachers will immerse themselves in a range of exhilarating activities led by our experienced camp staff. From canoeing and kayaking to rock tower climbing and engaging group games, every moment is packed with fun and excitement. Camp Stephens is dedicated to teaching nature and wildlife appreciation, ensuring a comprehensive and enriching experience.

Wilderness Canoe Trips - Guided by seasoned Trippers, these unique journeys are carefully tailored to the age and abilities of each group. Participants will paddle through serene waters, camp under the stars in provided tents, and cook their meals over a campfire, all while learning essential outdoor skills and fostering teamwork.

Comfort and Community - We believe in the power of community. All meals are included and served family-style in our welcoming dining hall. Our cozy camper cabins, accommodating up to 10 campers and 2 counsellors, ensure a comfortable stay, with dedicated cabins available for teachers and chaperones. Each day concludes with either campfire songs, s'mores or skits, and camp-wide games, creating lasting memories and friendships.

A Pillar of Francophone and Métis Heritage in Manitoba

Along the beautiful streets of historic St. Boniface, stands the “little white house” along the Red River, at 494 Taché Avenue. Le Musée de Saint-Boniface Museum, housed within the original Grey Nuns’ convent, has stood the test of time to become the oldest building in the city of Winnipeg. The main location of the museum is closed due to restoration work, but we are still offering programs and activities! Contact us to find out more.

“ Discover magnificent architecture, artfully curated exhibits, and a charming giftshop. ”

Brandon Bus Lines

Brandon Bus Lines started in Oct. 2006 as a family run business by Gordon and Natalie Hrechka, with the help of their daughter Jeanelle running the day-to-day work in the office. Our well maintained Prevost buses will get you to your destination safely. We pride ourselves as a family run business and pass that family run pride on to our customers making sure that everyone's charter demands are met. All of our professional drivers have experience of 5 years or more. Our coaches are equipped with USB plugs, washrooms, DVD players, and WIFI capabilities.

No job is too big or too small. We can travel all through Canada and the United States. We are happy to have you call our office and discuss your charter needs at 1-877-571-0231.
