What is the JA Titan Experience?

JA Titan puts students in the CEO seat of a simulated cell phone company, empowering them as leaders while they are faced with making decisions, evaluating alternatives, analyzing outcomes and developing strategies for their company.

Corporate partners mentor students and have the opportunity to shed light on career opportunities at their specific company and cultivate their talent pipeline by working with Maine high schoolers who will soon be entering the workforce.

ALUMNI SPOTLIGHT TITAN CLASS OF 2019

TRAVIS DOW ERSKINE ACADEMY

Chose his college based on his JA Titan experience.

I first participated in the JA Titan Challenge my senior year. During that time I was researching colleges to attend, and my JA Titan team happened to be placed at Thomas College. As part of the experience, we were given a tour of the college campus. I fell in love with Thomas College, and decided to apply. I was accepted, and graduated in 2022 with a degree in Accounting. It feels like just yesterday I was walking onto the campus for the first time with such high hopes.

I now work for Kennebec Savings Bank, and when I learned they were sending volunteers for the 2024 JA Titan Challenge, I could not wait to participate.

Remembering my own experience as one of the Erskine Academy teams, we were among the top competitors with one of our teams winning the scholarship. Now as a mentor, I use the skills I learned from the JA Titan Challenge daily, and I appreciate the ability to come back to an event that I loved so much.

The 2024 JA Maine Titan Challenge winning team, Yarmouth High School competed in the JA USA national competition.

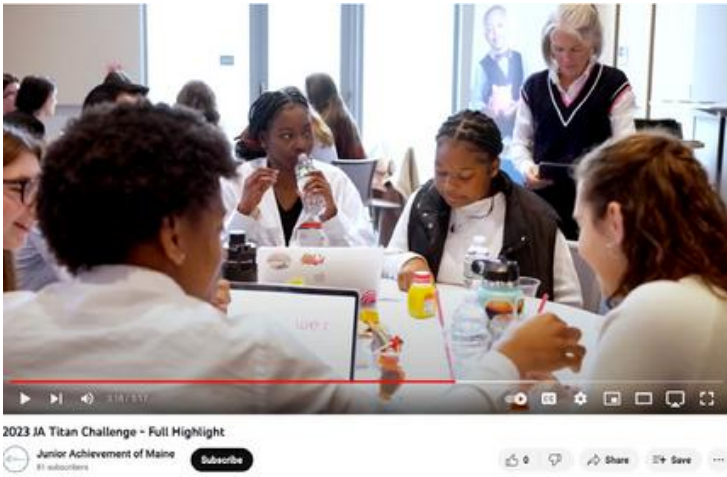

Westbrook JA Titan students had the opportunity to present at JA's Maine Business Hall of Fame, in front of 400-plus state business leaders, November 4, 2024.
