# *A Note from Our Dean*

Bismillahirrahmanirrahim.

The Deputy Deans, respected members of the School of Business and Economics (SBE), supervisors and lecturers, All graduates, members of the organizing committee, families and friends of graduates.

Assalamualaikum warahmatullahi wabarakatuh and Salam Sejahtera.

I am Professor Dr. Bany Ariffin Amin Noordin, Dean of SBE, and we extend our heartfelt congratulations to all SBE graduates on your remarkable achievements. Your journey reflects perseverance, dedication, and a commitment to excellence. As you move forward, may you continue to lead with integrity, confidence, and purpose, making meaningful contributions to society and the profession.

To our alumni, your connection with SBE remains strong. We look forward to your continued engagement through mentorship, collaboration, and partnership as we shape future leaders together. To our students, embrace every opportunity to learn, grow, and innovate, carrying the values of SBE wherever you go. To our industry partners, thank you for your continued trust and collaboration in nurturing globally competitive graduates.

As a Triple Crown Business School, SBE remains committed to excellence, impact, and global relevance. May these values guide all of you in the paths ahead.

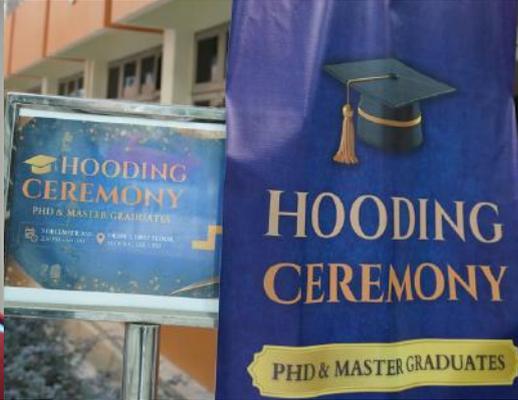

As we welcome the New Year, we wish our alumni, students, and our industry players a Happy New Year 2026, filled with success, good health, growth, and new opportunities. May the year ahead bring continued achievements and meaningful contributions to our communities and beyond.

(Male Category)

# Graduate Spotlights

## 📍 **Erra Zairani Nabilah Mohd Zaid**

Bachelor of Business Administration (Hons.)

“This award means a lot to me because I really love seeing my parents proud. Throughout my degree, especially during my final year, I faced one of the biggest challenges in my life when I lost my father just two months before my final exams. Even so, I knew I had to stay strong – for my mother, my siblings, and myself. I was very blessed to have a supportive family, friends, and lecturers who helped me get through that difficult time. What motivates me is the desire to move forward, to prove that I can do my best, and to inspire others to balance academics with leadership and personal growth. I believe that with the right support and determination, we can overcome even the hardest moments.”

## 📍 **Aiman Hazim Anwar Hasbul'lah**

Bachelor of Accounting (Hons.)

“My time in SBE has played a significant role in shaping who I am today. Through my involvement in the Accounting Club of SBE (UPEC), I gained invaluable experience that contributed to my personal and professional growth. Beginning in a committee role and later serving as president, I learned how to communicate effectively, manage people, and balance leadership responsibilities with my academic commitment.

Holding leadership positions truly transforms me. Receiving this award feels surreal, and I am deeply grateful for it. It shows that it is possible to excel academically while actively engaging in extracurricular activities that build real-life skills. This recognition motivates me to keep striving, knowing that growth does not end at university. Ultimately, success is about contributing to society and making a positive impact.

To future students, you are fortunate to be part of SBE, a prestigious Triple Crown Business School. With dedicated lecturers and strong industry connections, you are given the best of both worlds. Study hard and smart, learn from those around you, and make SBE proud—you are the future leaders of this nation. I wish everyone the best.”

**Nur Hana Ahman Azran**

Bachelor of Economics (Hons.)

“My journey in the School of Business and Economics truly shaped who I am today. I became actively involved in faculty leadership roles, starting as a Vice President and later being entrusted with greater responsibilities. Through these experiences, I learned how to manage my time, collaborate with others, and build meaningful connections within the faculty and with industry partners. I believe the most important lesson I learned at university is teamwork – because if you want to go far, you have to go together. I’m very grateful for the support from my lecturers, family, and friends throughout this journey. My message to future students is to give your 100% in everything you do, because the experiences you gain here will prepare you well for your future.”

**Wan Fadhlina Adni Wan Mohd Nazdi**

Bachelor of Economics (Hons.)

“I honestly did not expect to receive any award, let alone two. Receiving them feels very special, and I am truly grateful to SPG for giving me the opportunity to grow and shine. Alhamdulillah, I managed to complete my studies with consistent Dean’s List achievements, despite taking a heavier academic load than required. This journey was challenging, but the support from my friends kept me going. My advice to juniors and future alumni is to truly enjoy your university life, as it is very different once you enter the working world. Cherish your friendships, build strong connections with your lecturers, and remember to study smart, not just study hard. I wish everyone all the best.”

**Liao Mei Hui**

Bachelor of Accounting (Hons.)

“I am a graduate from the Bachelor of Accounting, and my journey here was honestly very tough at the beginning. I actually came from a science background, so accounting was completely new to me – with so many standards, tax concepts, and company law to learn. On top of that, I wasn’t very used to studying fully in English, which made my first semester especially challenging. But as time went on, I slowly adapted and improved. I’m very grateful to my lecturers, especially those who guided me closely throughout my studies. My advice to future students is to work smart, enjoy the learning process, and not put too much pressure on yourself – accounting is demanding, but it is also very rewarding.”
