Emergency Services

We have a unique approach to Emergency Services. We understand that every second counts. Although it is not life threatening, it is life altering in that, that damages done to ceilings, floors, walls etc. cannot be undone. Our line is available 24/7.

Maintenance & Installations

At The Plumber Potch our focus is customer satisfaction, we pride ourselves in being prepared for any plumbing maintenance needs our clients may have, big or small.

Construction Plumbing

We price per plan rather than per point, we list each item individually so that you know what you are paying for and what is included. The end result is you have an accurate estimate on what your plumbing project will cost. Rather than having a bulky complicated quote.

TIME MAGAZINE PERSON OF THE YEAR

Taylor Swift has clinched Time Magazine's Person of the Year for 2023, a nod to her record-breaking Eras tour and significant cultural influence. The tour's demand crashed Ticketmaster's website, prompting a Senate inquiry. Swift, discussing the toll of her 180-minute concerts and a discreet first date with NFL star Travis Kelce, made headlines. With a 45-song set each night, seismic activity in Seattle during her concerts was equivalent to a 2.3 magnitude earthquake. Her pandemic-era albums, accolades, and billionaire status underscore her unmatched musical success. Swift, on break, gears up for the Asian and Australian legs of the Eras tour...
