PLEATED BLINDS

The Skysol range offers solutions for every application, including: inclines, complex shaped windows and even curved doors.

Our classic pleated and honeycomb fabrics give a range of light control types, choose blackout for a good night's sleep, or sheer to create a relaxed ambience and cooler environment during daylight hours.

ROLLER BLINDS

Dometic's range of luxury roller blinds have been designed to optimise and control external light.

Adding shade to your yachts interior both removes any glare from the bright sun and also helps maintain a comfortable, cool temperature, as well as providing privacy on board, all while enjoying the stunning views outside.

ROOF & HATCH BLINDS

Keep your cabin cool, your eyes free from glare and your skin protected from those annoying insects with the Dometic Oceanair Skyscreen.

Options range from quick, retrofit solutions to discrete tailored blinds which subtly blend into the interior headlining of your boat.

VENETIAN BLINDS

Classic in design but contemporary in look, venetian blinds enable light control and privacy on board, allowing you to enjoy the view outside!

Our venetian blinds can be completely customised to meet your style needs, incorporating a range of materials from durable aluminium to soft-to-touch leather.

SOFT FURNISHINGS

Dometic's range of Soft Furnishings provide home comforts no matter what your location.

From traditional handmade fabric blinds, tailored to your exact requirements, to luxury cushions and pillows, Dometic offers the ultimate in interior soft furnishing accessories.

Mobile living made easy.
