Society for Pharmaceutical Dissolution Science (SPDS)

SPDS was formed in 2012 with an objective of promoting the science and technological developments in the ever-evolving area of pharmaceutical dissolution. The Society has National and International stalwarts and experts from academia, industry and regulatory as its members. Its purpose is to disseminate knowledge about this technical field, and to familiarize the advances in dissolution science among all pharma professionals.

SPDS is the only professional body dedicated to dissolution science and its applications.

Dissolution Research Presentations International (DRPI)

To meet with its objectives, SPDS has been organizing dissolution themed annual conferences, known as DISSO India. For the first time in 2020, owing to the pandemic, DISSO India was held online with plenary lectures from worldwide experts. The overwhelming success of DISSO India 2020 led to the organization of DISSO America 2020 Online, an event by SPDS US chapter co-sponsored by the American Association of Pharmaceutical Scientists (AAPS).

As research presentations could not be included as a part of the DISSO India event, a special program 'Dissolution Research Presentations India 2020 – Online (DRPI 2020 – Online)' was held as a premier and pan India competition for young researchers across academia as well as industry. Besides being the first indigenous online research competition for pharma fraternity, a key highlight of the event was the joining of hands by SPDS with Association of Pharmaceutical Teachers of India (APTI), as collaborator for the competition. This was a unique platform for researchers from academia and industry to showcase novel dissolution related science, technology and applications. The competition was held among various zones of India, viz., North, East, West, South, & Central. Another key highlight of the event was the unbiased and totally anonymous evaluation process. In 2021 & 2022, DRPI was conducted online, wherein SPDS joined hands with APTI & AAPS, and the same success story was repeated.

In 2023, SPDS announced the fourth DRPI event, and this time it was an international competition between researchers from 5 different regions of the world. DRPI now is no longer Dissolution Research Presentations India, but Dissolution Research Presentations International. Since 2023 DRPI competition is being held among the following five world regions:

India | US | Japan & South East Asia | Europe | Australia & New Zealand

DRPI - India 2024 ABSTRACTS FOR PRESENTATION

SUPPORTED BY

Association of Pharmaceutical
Teachers of India

Society for Pharmaceutical Dissolution Science (SPDS) supported by Association of Pharmaceutical Teachers of India (APTI) & Institute of Pharmacy, NIRMA University invites abstracts for oral presentation from the young researchers of age below 40 years (as of May 31, 2024).

Abstracts would be accepted under two categories:

● **M.Pharm. / Pharm D.** and ● **Ph.D. / Post Doc. / Industry**

In the areas of research related to:

- **Dissolution & Solubility Modulation**
- ***In-vitro* Release Studies of Conventional & Novel Dosage Forms, including Herbals, Nutraceuticals & Cosmeceuticals**
- **Pharmacokinetics & IVIVC Studies**
- **Modified Dissolution Equipment & Methodologies, including Biorelevant Media & Automation**
- **Computational Tools, PBPK Modelling**

Presenting author should be a registered student and he/she should submit a certificate from the research guide or the institution head to that effect. This category includes participants who graduated within the last six months.

Abstracts are invited for **DRPI-India 2024** competition, and would be evaluated by expert committee for scientific content, originality, data quality and practical utility. The selected abstracts will be eligible for subsequent preliminary in-person poster presentation competition round during **DISSO India–Ahmedabad 2024**, being held on June 28 & 29, 2024 at Institute of Pharmacy, Nirma University, S G Highway, Ahmedabad – 382481, Gujarat, India.

Check DRPI-India webpage (drpi.spds.world/IN/) for the guidelines on preparation of abstract, poster, 10-minute video presentation and other announcements including acceptance of abstracts.
