Play & Create in Spanish	PK3 - 1 \$225	Playing and learning? Yes! In this Spanish Summer Camp, we play and create in Spanish. Learning through music and dance, storytime, puppet shows, and pretend play, combined with brain breaks and outdoor activities, keeps our minds and bodies active. We finish the morning with some breathing and slow-flow exercises. Campers are given directions in Spanish, and without realizing it, they start using and understanding the Spanish words. It is all about making it comprehensible and fun.
Science Superstars	K - 5 \$225	Get ready to explore, experiment, and discover! Science Superstars Camp is a hands-on, high-energy science experience where campers become real scientists through exciting experiments and creative challenges.

Meet Julia Butterworth Linus, Director of Auxiliary Programs

Julia oversees all summer camp programming and is here to ensure your child has a fun, safe and memorable experience at Jolly Roger Adventures.
