TEAMWEAR

2024 - 2025

The TURN Ethos

TURN is *the* brand dedicated solely to the sport of men's gymnastics. Our mission is to support, uplift, and amplify the experience of men and boys doing gymnastics all around the world.

We love designing and outfitting local clubs just as much as we love outfitting decorated national champions — our excitement over the athletic journey of all participants knows no bounds. We want every individual to feel a sense of pride, excitement, and comfort in wearing TURN; whether it be for training or competition.

Our roots inform and inspire us. Our devotion propels us forward. We continue to raise the bar.

The TURN Experience

Our goal is to forever remain a 'cut above the rest' when it comes to the design and craftsmanship for men's gymnastics apparel. This means constant innovation and product development for our design team to deliver best in class product and service every season.

New for 2024 - enjoy extended customizability across our various iconic TURN product categories. Choose from five neckline options to create an even more distinct look for your team, including our new basketball inspired **Elite-V Singlet** which will be launched at the *competition-we're-not-legally-allowed-to-mention* this summer!

Order your warm-up suits à la carte with our jackets now offered with 3 collar options; our trusted standard collar, our new stylish stand-up collar, or our versatile hood. Combine it with pants in either tapered or straight leg to curate the perfect fit and aesthetic for your team.

TURN 4 The Planet

We are continuously oriented towards creating sustainably and keeping earth-friendly practices at the core of everything we do. We have made the move to using recycled polyester fabrics where possible and are committed to removing single-use plastics from our packaging by the end of 2024.

You will find this icon  next to products that already include sustainable fabrics.

Join us on this journey in looking after planet Earth, after all, it's the only planet with gymnastics.

"RELENTLESS PURSUIT

OF PERFECTION

IN DESIGN, QUALITY,

AND STYLE."
