

Funded Qualifications

Why offer Funded Qualifications

Offering funded qualifications is a win-win, creating opportunities for both your learners and your organisation.

For Your Learners

- Deliver career-relevant qualifications aligned with in-demand skills and industry standards. This ensures learners gain knowledge that is directly applicable to their careers.
- Make training accessible to more people. These qualifications are eligible for funding through schemes such as the Adult Learner Loan and other government initiatives, thereby reducing the financial barrier for learners.

For Your Organisation

- Attract more learners by offering free or subsidised training, allowing you to grow your student base and curriculum.
- We offer wrap-around support, from comprehensive resources and onboarding materials to a dedicated Relationship Manager who guides you through the process and beyond.
