REVIEWS:

Every bit of Hard Road is compelling and worth your time... Shawn Pittman is stone solid and came to play the blues. He's real, he's live, and he's what you need.

- Mike O'Cull, Rock & Blues

"It's a deliciously raw album that is bound to rock your socks off with all tracks in the best Texas blues tradition, rendered with impressive freshness and enthusiasm".

- Bert Van Kessel, Blues Town Music

Pittman isn't afraid to innovate. Deftly performed stop-time riffs and the raucous crunch of two overdriven guitars are a delight.

- Jon Kleinman, Living Blues

Shawn Pittman hits all the right notes and catches the essence of the blues, weaving the spirit of some of the great classic bluesmen cleverly into his music. This album swings like f...!
