

HERO CLUB

HOLIDAY EDITION

WELCOME BACK!

Hello Hero!

The holidays are here, and so is Volume 2 of the Hero Club Magazine!

Thank you all for your outpouring of support for this ambitious project. Our customer care team has shared with me story after story from our members saying how much they and their families love getting an actual magazine in the mail.

In this edition we have plenty more dog-themed fun and games for the entire family: a challenging picture search, crossword puzzle, trivia, memes and a brand-new word scramble. It is wholesome fun for the entire family!

You will also read more **AMAZING** stories about Hooman Heroes, SuperDoggos and how, together, we really **DO** make a difference.

We are also introducing a couple of new initiatives. The first is **"Mission PAWsible"**, a shelter rescue program the Hero Club is sponsoring. The second is our a new **"Lend a Paw"** program that provides funding to veterinarians providing free emergency services to needy families with injured Doggos who, without our support, would not be able to get their furry family member fixed.

Mostly, the Hero Club Magazine is a beacon of hope and a symbol of the collective good we can do when we join together in service of one of the things we all love the most...**DOGGOS!**

Enjoy!

Jesse, Ellie Pickles and Delilah

Lend-A-Paw Program Kick-off

The We Love Doggos Hero Club is proud to announce a new initiative that helps support one of our Charity's 3 pillars of hope: advocating, transporting and treating.

In this case, it is covering medical treatment costs for dogs needing emergency, typically life-saving procedures. The **Lend-A-Paw Program** supports the vets, treatment facilities and organizations that are the first to know of such needs.

We are happy to announce that Dr. Wolf, a retired vet from Acworth, Georgia is the first recipient of a Lend-A-Paw grant. Specifically, the Hero Club, through this program, was able to pay the treatment costs for Blue. This sweet little chihuahua was hit by a car and broke his rear leg in several places. His parents couldn't afford the surgery and were considering putting him down...until THE HERO CLUB came to the rescue!

Now he is happy, curled up on his favorite blanket and recuperating with his family.

But that's not the best part of this story!

Dr. Wolf spent his entire veterinary career saving dogs with the hopes of retiring to do what he really loves doing...saving dogs! Instead, now he does it from his mobile van and he does it for FREE, donating all of his time and energy saving injured and sick Doggos owned by underprivileged families that would otherwise not be able to afford the life-saving care.

THAT is what a true Hooman Hero looks like.

MISSION PAWSIBLE

This May the We Love Doggos Hero Club began its search for an overcrowded, underfunded animal shelter to sponsor. We wanted to bring attention to the nationwide shelter crowding problem and help hundreds of dogs at the same time.

Congratulations to the Mission Valley Animal Shelter in Ronan, Montana our first "Mission PAWsible" awardee!

This underfunded, overcrowded shelter is just an hour's drive from our headquarters. They save, on average, 400 homeless, abused, sick and injured dogs a year.

During our Charity Director, Terry Williamson's first trip to the facility in June, he noticed that the facility had no air conditioning, even though it was 95 degrees! Our Hero Club immediately funded the purchase of two air conditioning units and 25 Doggos spent the rest of the summer cool as clams!

Earlier this month he visited again and met with Reava, the shelter manager, to discuss "**Operation Barkyard**", a plan to install a new outdoor dog play area and meet and greet area. **The Hero Club's \$10,000 donation** will not only give the dogs in the shelter hours of fun, but increase the number of adoptions!

Finally, just a few days ago, the We Love Doggos Hero Club sponsored **Wags and Whiskers**, the shelter's annual fundraising campaign.

Thank you Hero Club members, we are making a real difference in the lives of hundreds of Doggos at the Mission Valley Animal Shelter!

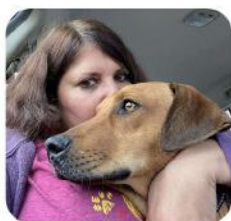

ONLINE COMMUNITY SPOTLIGHT

Most popular post: "Who adopted their Doggo?"
275 responses, here are our favorites!

This is **Bella**. Rescued her from Lied Animal Shelter in Las Vegas. She was born with a cleft lip and at the time had a tumor on the back of her neck and one under the shoulder muscle. We had the tumors removed, which were cancerous, and now she is a happy playmate for our other female pitbull, **Blue**.

This is **Spirit**. My family adopted her 2 years ago. She is from South Carolina and was brought to Jersey. My step dad heard about her on the radio and my parents went to meet her, my parents fell in love with her and they brought her home that day. I was so excited to meet her.

We Adopted **Jeter** on 10/24/21. He is originally from Alabama. He came up in a 18 wheeler truck. He was 1 of 9 brothers and sisters. He didn't know how to get in a car. My boyfriend had to pick him up to to get in car. He sat between the 2 of us. Mostly sitting on my lap. Took him to the vets to get checked out. Had a clean bill of health! We took our forever **Jeter** home to his new home. He met his brother! We are one happy family!

This is our rescued baby, **Chloe**. She had been dumped at a high kill shelter in Naples FL. They wisely contacted UnderDog Rescue and someone went to pick her up. When we met her she was being fostered at a home in Bradenton FL. Within 5 minutes of us being at the house she jumped up in my husband's lap. She had picked out her humans!!!!!! We've had her 7 years and we love and spoil on her every day.
