INTRODUCTION

This guide

This guide was developed specifically for and in collaboration with the Sustainability Committee of the Home Owners Association of Loreto Bay, through Conserva Loreto, a program of The Ocean Foundation, in collaboration with local renewable energy specialist Augusto Olmos Mercado of IMPSE Solar. The guide offers a suite of appliances and fixtures that are the most sustainable options available readily in Loreto. It is tailored to Loreto Bay homes in particular, attempting to match style and size needs for the majority of homes. This catalog offers budget and more exclusive options for each fixture whenever possible, explains sizing, the reasons for the recommendation, and details for shipping and availability. Each section includes product specific information, including that which is relevant for sustainability (e.g., low water usage or low electrical demand and low light pollution).

Certification Equivalency Reference Table

Selection Criteria by Product Category

Each section presents curated product options selected for sustainability, efficiency, and compatibility with Loreto Bay homes. Criteria include certifications, performance, dimensions, and local availability.

Water-Related Fixtures and Appliances

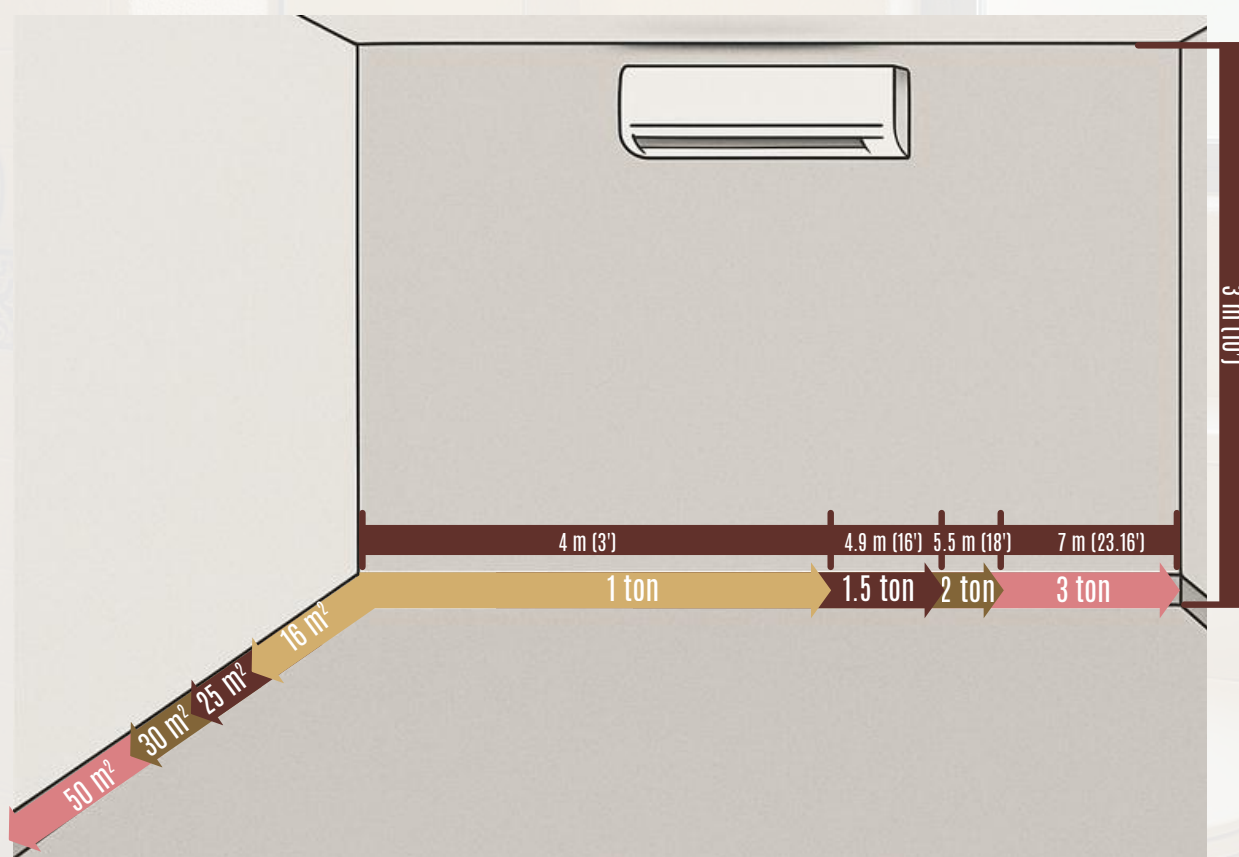

- **Kitchen and Bathroom Faucets:** Flow rates $\approx$ 1.5–2.0 GPM; certified under NOM-008-CONAGUA-1998.
- **Showerheads:** Flow $\approx$ 1.5-2.0 GPM; pressure-compensating; compliant with NOM-002-CONAGUA-1996.
- **Toilets:** Dual-flush, top-button; max flush $\approx$ 1 GPF; certified under NOM-010-CONAGUA-2000.

Selection Criteria by Product Category (continued)

- **Dishwashers:** Water use $\approx$ 3-6 gal/cycle; Energy Star rated; width $\leq$ 27"; compact models.
- **Laundry Machines:** High-efficiency, load-sensing; width $\leq$ 27"; certified under NOM-003-SCFI-2014 and NOM-024-SCFI-2013.
- **Pressurization Systems:** Inverter-based pumps (e.g., DAB Esybox); quiet, energy-efficient, suitable for residential use.

Energy-Related Appliances and Systems

- **Air Conditioners and or Heat Pumps:** Wall-mounted, inverter-type; silent operation; compliant with NOM-003-SCFI-2014.

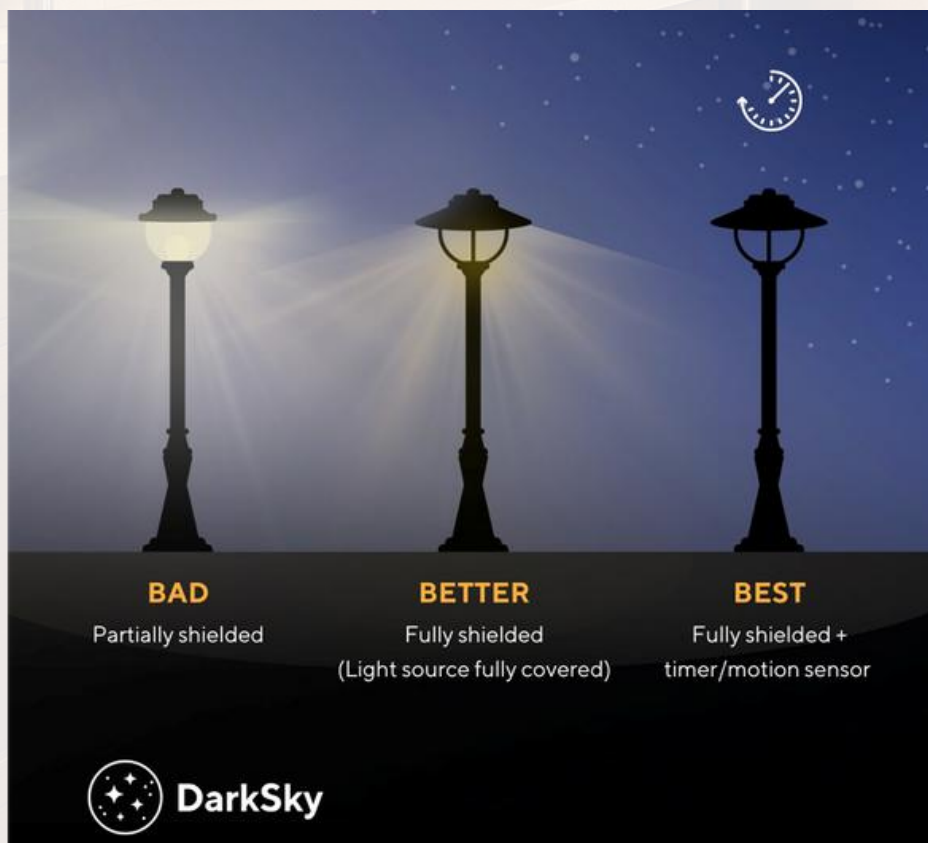

**Tabla de Referencia de Capacidades por Tonelaje de Minisplit
Lado, Superficie (a 3 m de altura) y Volumen**

Tonelaje	Lado (m / ft + in)	Superficie (m² / ft²)	Volumen (m³ / ft³)
1 tonelada	4.00 m / 13' 1 9/16"	16 m² / 172 ft²	48 m³ / 1,695 ft³
1.5 toneladas	4.90 m / 16' 0 7/8"	24 m² / 258 ft²	72 m³ / 2,545 ft³
2 toneladas	5.48 m / 17' 11 3/8"	30 m² / 323 ft²	90 m³ / 3,180 ft³
3 toneladas	7.07 m / 23' 2 5/8"	50 m² / 538 ft²	150 m³ / 5,300 ft³

- **Refrigerators:** Preferably Inverter compressors; compact; certified under NOM-003-SCFI-2014 and/or Energy Star.
- **Washer-Dryers:** Preferably heat pump dryers; inverter motors; width $\leq 27"$; meets NOM-003-SCFI-2014.
- **Cooking Appliances:** Electric, induction cooktops, air fryers; selected for energy efficiency, reduced cooking times, and suitability for indoor environments.
- **Ceiling and Ventilation Fans:** Low consumption, high airflow efficiency; residential-grade.
- **Golf Cart Batteries:** Lithium-ion (e.g., 48V 104Ah); superior to lead-acid; longer life and faster charging.

Lighting and Light Pollution Control

- **Outdoor Fixtures:** Fully shielded, downward-facing; aligned with Loreto Bay dark-sky standards.
- **LED Bulbs:** ≤ 3000 K; high efficacy; standard E26/E27 base; compliant with NOM-030-ENER-2016.
- **Dark sky compliant:** Minimizes upward light, glare, over-lighting, and bluish emissions; compatible with dimming controls.

Special considerations

Prices usually go up every January and are likely to continue to do so. This guide was developed in June of 2025 and prices are subject to change. All items are subject to availability. For technical questions please contact impesolar20@gmail.com (+52 612 1499275).

Shipping details

We recommend using the company [AquiConZepeda](#) for all shipping needs. They travel from La Paz daily from Monday to Friday and depart for Loreto before 12:00 p.m. If your item is sent with them before that time, it will arrive the same day; otherwise, it will be delivered the next business day.

To hire them, simply click the link in their name to contact them and send your purchase receipt. They pick up the product directly in-store and will also quote the exact shipping cost for you.

For better initial assistance, we recommend contacting them directly at +52 612 157 5743.

The Design Review Committee must review and approve applications for exterior lighting fixtures and solar equipment and devices prior to installation.
