

Bathroom Perfection

THE FITTED COLLECTION

Why choose Utopia?

Expertise

We've been at the forefront of the UK bathroom industry for over 30 years, during which time we've encountered every type and size of bathroom so can justifiably call ourselves the experts.

It's not just our ability to plan each and every bathroom, no matter what size or shape, it's our in depth knowledge of how the products in your bathroom will be used.

Quality

Your bathroom must be able to withstand daily use for many years to come. Our products are produced to exacting quality standards so you can buy with complete confidence.

Craft

We're proud to be a great British brand at the forefront of bathroom innovation. Our furniture is designed, manufactured and hand assembled in the Midlands from the best quality materials, resulting in beautiful products with the perfect functional performance to match.

Care

Our products are engineered with the bathroom fitter in mind so that installation is as straightforward as possible. Sustainability is at the heart of everything we do to ensure we make the minimal environmental impact. All our timber products are sourced from FSC® certified suppliers meaning the wood used in our factory is responsibly sourced from well-managed forests and other controlled sources^Δ. Total confidence in our products is reinforced by our comprehensive guarantee.

Our guarantee

We know you'll be happy with your Utopia bathroom, but for complete peace of mind we offer a 5 year guarantee on all Utopia furniture*, a 10 year guarantee on brassware**, a 30 year guarantee with all baths and a lifetime guarantee on sanitaryware.

All we ask is that you register your guarantee online once your bathroom project is complete.

Register your guarantee online at utopiagroup.com/guarantee

Inspiration

Bring your ideas closer to reality with Visualise - our online style planner. You can quickly and easily configure any of our ranges into any finish combination, and even see your creation with your choice of Utopia wall and floor tiles. Go to utopiagroup.com/visualise to try it for yourself. And when you're happy with your design, you can order free samples and even send your plan to your nearest Utopia retailer.

^Δ Look for FSC® certified products. *2 year guarantee on toilet seats and concealed cisterns.

** 2 year guarantee on all specialist finish brassware and 5 year guarantee on cartridges.

Bathroom Perfection

For more than three decades we've been committed to providing the very best bathroom solutions possible. Through creative design, tireless research and development and continued investment in the very latest manufacturing processes, we're confident that a Utopia bathroom really does symbolise British-made bathroom perfection.

Over 30 years of experience goes into every Utopia bathroom

Since 1989 our ethos has always remained the same; to offer creative and inspiring bathroom solutions, designed and manufactured here in the UK to the very highest specifications.

With an emphasis on style, our ranges have always led the way in British bathroom design.

Our innovative and creative approach to British bathroom design has always put us one step ahead of the rest. Every Utopia bathroom is hand-built to order in our state-of-the-art manufacturing facility in the heart of the UK. We use the finest, most sustainable materials and craft our furniture to the very highest quality standards with longevity in mind.

Proud to be an award-winning British manufacturer

British-made bathroom perfection since 1989

We're delighted to have been voted Best British Bathroom Furniture Brand for three of the past five years, a genuine endorsement of everything we stand for at Utopia. Designed to recognise and reward excellence, The BKU Awards represent a truly independent stamp of approval as industry professionals in their thousands vote for nominated companies to determine who really is the best of the best.

Awarded 'Best Bathroom Furniture Brand' in 2017, 2018 and 2020, and Finalist in 2019 and 2021.

Three easy steps to Bathroom Perfection

1. Visualise it

Our online Visualise tool will let you see how different styles and finishes complement each other. There's a Visualise bathroom for every one of our ranges, allowing you to pick your perfect combination.

Sustainably sourced and built to last

We strive to engineer products with the longest possible lifespan. That's better for you and better for the environment. Our cabinets don't travel across the planet to reach you, they are despatched direct from the point of manufacture in the heart of the Midlands, saving hundreds of tonnes of carbon every year.

Our sustainability commitment

To reduce our waste

All of our offcut and sawdust waste that isn't suitable for recycling is used on site as biomass fuel to heat our offices and factory. Our cardboard packaging is cut on site to the exact size, minimising surplus waste and making transport more efficient.

To use locally-sourced, certified or recycled raw materials wherever possible

We're proud to be a British manufacturer and always strive to support other British suppliers and manufacturers. We always attempt to source our raw materials as close as possible to the point of assembly in order to keep transportation emissions to an absolute minimum.

To build quality products that last

To ensure complete reliability and longevity of our products, we work very closely with the companies who supply our components so that we always source the best possible option.

Add to this our own rigorous in-house testing facilities and you can be sure that your beautiful Utopia bathroom will give you many years of service.

We exceed annual Environment Agency recycling targets

All of our offcut and sawdust waste is used as fuel to heat our factory

Our cardboard packaging is cut to exact size on-site to minimise waste

Almost 100% of timber used in our furniture is FSC® certified

We're currently upgrading our delivery fleet so our vehicles are as clean and efficient as possible

How to order Original Fitted furniture

1

What configuration?

Original Fitted furniture is our most versatile range. It's designed to be used in many different configurations - meaning several styles of layout are possible using the same units.

Whichever configuration you choose, Original Fitted furniture will give maximum storage.

Into a corner

Flush into a recess, using filler panels to fit the width exactly

Wall mounted cabinets with no plinths to give a modular look

2

Choose your cabinet depth

Smaller spaces can benefit from our reduced depth cabinets, whereas larger bathrooms can utilise our extra deep units for maximum storage space.

*Extra Deep
535mm deep*

*Standard
340mm deep*

*Reduced
220mm deep*

3

Cladding panels

Create a subtle yet effective slimline framed look. Ideal where your carcass choice doesn't match your choice of door finish, but you'd like to create a co-ordinated look.

4

A question of style

Now you've planned your layout, pick a doorstyle that best reflects the style you're trying to achieve. Clean contemporary Nadia or Zara give a sleek, minimal look, while the Amelia doorstyle has a more traditional routed look. Pick from the dozens of on-trend finishes, including gloss, matt, soft touch and wood effect and complement or contrast with your choice of carcass.

Tiles

Smart yet eminently practical, wall and floor tiles are the ideal solution in any bathroom. Whether you're looking for bold, statement tiles, an understated background for your cabinets or maybe something in between, we've got the perfect selection to choose from.

A modern bathroom interior featuring a vanity unit with a black countertop, a white sink, and a chrome faucet. The vanity unit has light wood-grain drawers and grey cabinets. Above the vanity is a large mirror with a marble-effect pattern. To the left of the vanity is a white toilet. The floor is covered in dark grey tiles. A white door is visible on the right side of the image. The text "CONTEMPORARY" is overlaid in a white box, with "FITTED FURNITURE" below it.

How to order Contemporary Fitted

1

Choose your cabinets

Choose your cabinets and necessary filler panels where the run will be fitted wall-to-wall (Cladding panels must be used on all ends of furniture - choose your finish from the four options shown in step 2, as carcasses are a Powder Grey finish).

Powder Grey

2

Complete the run

Experiment with different depths to create step-backs within your run. The cladding panels will frame your run, while the filler panels will finish your run wall-to-wall. Choose your door finishes below for your top and bottom fascias. Wall unit finishes will always co-ordinate with your furniture bottom fascia finish unless otherwise stated.

Mirrors

Light and reflection are essential parts of any new bathroom design and we've got a comprehensive selection ranging from simple mirror panels and framed mirrors through to co-ordinating mirror cabinets offering stylish storage for all shapes and schemes. Look out, too, for sophisticated features such as sensor activated lighting, demisters and optional Bluetooth integrated sound systems.

Mirror Features

We design and manufacture a collection of beautiful mirrors and mirror cabinets to add those all-important finishing touches to your bathroom, including some of the latest technological features. Our handy guide below provides an overview of what to look out for.

LED Illumination

Create mood and atmosphere with creative use of low voltage LED lighting and under unit mood lighting.

Not only are LEDs energy efficient, they produce almost no heat and offer a longer lifespan compared with older fluorescent style lighting.

Sensor operated

Our sensor activated mirrors are activated by a simple swipe of the hand. Not only are these easy to use but they provide a more hygienic option with no fingerprints or marks on the mirror itself.

Optional Bluetooth connectivity

Play your favourite music or radio station in your bathroom via Bluetooth connectivity.

Integrated shaver / toothbrush socket

Providing a handy socket solution to ensure your electric shaver or toothbrush can be easily charged.

Demister

Through the use of an integrated heated demister pad located on the back of the mirror glass, these mirrors offer a steam-free solution for your bathroom. The demister feature turns on automatically when the mirror light is activated.

Magnification area

Integrated into the mirror design is an additional magnified mirror, perfect for shaving or applying makeup.

IP44 Rated

These mirrors will be protected from solid particles that are over 1mm in size and low velocity sprays of splashing water from every direction. These mirrors can be fitted in zones 1, 2 and outside zones in a bathroom.

Mirror cabinets

By choosing a mirror cabinet, you benefit from a spacious mirror and plenty of concealed storage space behind it. Ideal for keeping toiletries and medicines away from children.

Contemporary Fitted mirror units

Combining large mirrors with excellent storage space.

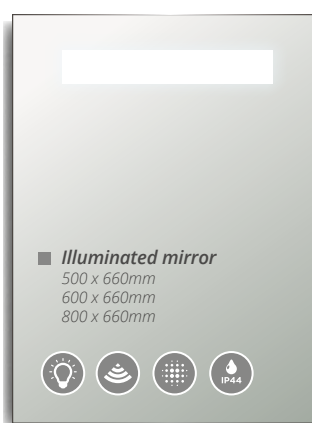

Contemporary Fitted mirror units have a Powder Grey carcass. Add cladding panels to match your chosen furniture finish.

Deluxe rectangular mirrors

Large rectangular mirrors add more than style to your bathroom, they can also make it appear more spacious. Our contemporary collection includes different shapes and sizes as well as some practical features for added luxury.

Shaped mirrors

Gently curved and shaped mirrors introduce a softer note to the bathroom, balancing the crisp lines of the furniture or reflecting the shape of curved cabinets.

Resinite

BATH TECHNOLOGY

Utopia baths feature a Resinite coating for increased surface durability and a long life

All Utopia baths feature Resinite Bath Technology which provides triple layer reinforcement and a 5mm ICI acrylic top coat giving extra strength, rigidity and longevity.

Utopia baths are different

Utopia baths are made in the UK to the very highest standards. Our stringent quality control procedures ensure that each bath is checked thoroughly at every stage of manufacture.

Resinite coated baths offer the strength and rigidity normally associated with their heavier cast iron counterparts. The entire underside of each bath is coated in a layer of Resinite which provides excellent insulation properties, meaning your bath retains heat more efficiently, staying hotter for longer.

Automatic illumination with the Room Motion Smart Sensor

An inexpensive room motion sensor is the ideal way to control your bathroom lighting automatically. Simply programme it to your exact requirements to suit your lifestyle and let it do the rest for you.

Discreetly styled

With a white coloured face to be as subtle as possible, the sensor can be sited on any ceiling or flat surface.

Integrated timer

Select duration of illumination in your bathroom.

Discreet

Smaller than an average spotlight.

Simple to use

Easy removal of the sensor face to reveal control panel.

Perfect your lighting

Set the controls to suit your lifestyle, located behind the sensor's face.

(Full daylight)

(Nighttime setting)

Lux adjustment

The above setting position would activate the sensor, whatever the lighting conditions.

Time delay adjustment

The above setting position would ensure that the lights remain on for 3 minutes after the last movement in the room is detected.

We do not recommend the room motion sensor is used to operate any items with Bluetooth connectivity.

Terms and conditions

TERMS AND CONDITIONS

We hope you found our brochure inspirational and informative. We make every effort to display colours accurately, but cannot guarantee an absolute match on our website and in our printed material so you may find that products vary slightly in colour. Many of our products are made to order, meaning that some of our product sizes and measurements indicated in our promotional material may be subject to slight variation and we'd ask you to plan accordingly. All orders for furniture as well as bespoke worktops including the Integrated Coralux washbasin work surface cannot be cancelled or amended once they have been submitted to our manufacturing department.

SAMPLE SERVICE

You will find displays of our furniture styles, colour samples of finishes, worktops and tiles are available to view at over 550 Utopia specialist retailers across the UK. To find your nearest showroom visit our website. We also offer a free online sample service where you can order your preferred colours of finishes and worktops from our website to review in the comfort of your home.

GENERAL GUARANTEE TERMS

All Utopia products are designed and manufactured to comply with or exceed accepted industry standards and tolerances. In the unlikely event that a product fails to meet our high expectations it will be replaced free of charge. Any product deemed to fall within accepted standards and tolerances will be subject to a replacement fee.

GENERAL GUARANTEE:

1. Applies when:

- 1.1 Products are installed correctly in accordance with our fitting instructions and are for domestic use in a room with suitable ventilation; we highly recommend the use of an extraction fan.
- 1.2 Cisterns and taps are fitted in accordance with current local and national water regulations.
- 1.3 Furniture is not used in a wet room environment or in frequent direct contact with water.
- 1.4 Coralux Solid Surface products have been stored correctly in accordance with our packaging instructions; specifically these must be stored flat at normal room temperature prior to installation to avoid any distortion.
2. In the event of a product failure within the guarantee period (from the date of purchase) Utopia will supply a free of charge replacement for the failed item. If that part is no longer available, a nearest equivalent replacement will be supplied. Our guarantee is limited to the products supplied and does not cover any associated installation costs, consequential loss or damage claims.
3. The terms of this guarantee do not affect consumer statutory rights.
4. Any guarantee is limited to the original purchaser, is non-transferable and does not cover the purchase of ex-display items.
5. To obtain replacement parts in accordance with the terms of this guarantee, please contact the retailer who supplied the products.
6. Product guarantees may be invalidated through incorrect care and maintenance procedures. These are contained in the original product packaging and are also available from our Customer Services team.
7. All electrical installations must be carried out by a suitably qualified electrician. Your guarantee does not cover products incorrectly installed.

BATHROOM FURNITURE

Utopia furniture has been specifically designed and manufactured for performance in general bathroom use and carries a 5 year guarantee. All bathroom furniture will deteriorate through prolonged periods of exposure to high levels of condensation so bathrooms must be adequately ventilated using a suitable extraction fan to avoid this. Failure to ensure adequate ventilation may invalidate your guarantee. Bathroom furniture is not specified or designed for use in areas of regular or direct contact with water, particularly in wet room environments or where direct and/or regular water contact is prevalent. Any guarantee does not extend to this use. In respect of furniture containing electrical components, these items are unsuitable for zones 0, 1 & 2 installations. If you are in any doubt, please consult a qualified electrician. Please refer to individual product pages within the Utopia price list for IP rating information or bathroom zone suitability.

CARCASS MATERIAL

Many of our finishes are intended to replicate natural materials such as wood and stone where pattern and shade variation are distinct parts of the design.

CORALUX SOLID SURFACE PRODUCTS

Some of our Solid Surface worktop range is designed to replicate natural stone material and is subject to colour, tone and pattern variation. Coralux Solid Surface products are fabricated and finished by hand to individual order requirements and carry a 5 year guarantee. We strongly recommend you agree the measurements of any Solid Surface items against our order confirmation, as it may not be possible to make further amendments to orders after this stage, at which point any order becomes chargeable in full. If amendments are possible, charges may apply based on the stage of manufacturing completion at that time.

MINERALCAST PRODUCTS

Mineralcast products carry a 5 year guarantee and are supplied with a 2% dimensional tolerance.

BATHS

Baths are supplied with a 30 year guarantee against manufacturing defects. All baths are supplied undrilled. All baths are manufactured and supplied using high quality 5mm cell cast acrylic, are fully reinforced with Resinite technology and are delivered with a protective film to prevent scratching.

SHOWER SCREENS

All shower screens are supplied with a 5 year guarantee against manufacturing defects. All shower screens are supplied with 8mm toughened glass (except Symmetry with 6mm) and Clearshield technology, a permanent water repellent coating that reduces the growth of bacteria and mould. These products can be susceptible to damage during installation and any product faults must be reported prior to installation.

SANITARYWARE

Utopia sanitaryware carries a lifetime guarantee against manufacturing defects with the exception of the Quinn sit-on basins which carry a five year guarantee (dedicated Quinn waste covers 2 years) and is supplied with a 2% dimensional tolerance. Installation must be in accordance with the instructions provided and failure to comply with these may invalidate the guarantee. In respect of wall-hung products, recommended fixing brackets and frames must be used. These are not included with our wall-hung pans.

TOILET SEATS

A 2 year guarantee applies to all toilet seats and related components. It is the responsibility of the consumer to ensure that suitable cleaning products are used. Do not use abrasive cleaning products or cleaning products that contain chlorine or acids, as these may cause yellowing or peeling of the material. After cleaning, wipe the seat with a well wrung out cloth. Leave the seat and lid up whenever strong cleaning products are left in the bowl of the toilet pan to prevent damage from vapours.

CONCEALED CISTERNS

Concealed cisterns carry a 5 year guarantee against manufacturing defects. It is the responsibility of the individual installer to ensure that these products are fitted correctly and in line with the instructions provided.

BRASSWARE

Brassware products are either suitable for high or low pressure, some are suitable for both so please refer to the product description for further information. Brassware carries a 10 year guarantee on brassware and a 5 year guarantee on cartridges against manufacturer defects. Black and Brass finish brassware carries a 2 year guarantee.

TILES

We carefully select our range of tiles to co-ordinate with our furniture, however the production method of tiles mean that shading and colour may vary across different production batches. Order fulfillment will be from a single production batch wherever possible. We recommend taking all the tiles out of the box before installation and installing them according to slight shade differences rather than installing them directly from the box one by one. We recommend that you keep a note of your batch number in case additional tiles are required. Time difference from the original order will reduce the likelihood of the same batch being available.

Our tile collection contains both wall and floor tiles. Floor tiles can be used on the walls but wall tiles are unsuitable for use on floors.

In line with our restocking policy, a minimum of two full, unopened boxes can be returned within 28 days of purchase, subject to the tiles and packaging being in a resalable condition from the same batch and same original order.

COMMERCIAL APPLICATIONS

A 12 month guarantee applies to all products fitted in a commercial environment.

CARE AND MAINTENANCE

We always aim to provide the best quality products but there are occasions when this isn't possible. We have found that most issues stem from poor ventilation in bathrooms. We recommend that you ensure your bathroom is well ventilated using a suitable air extraction fan before our products are fitted. We regret that we cannot guarantee our products if they have been fitted in a poorly ventilated bathroom. Our specialist retail showrooms can provide advice and help you make the right ventilation choices.

With proper care and maintenance your bathroom products will last for years to come. The best and safest cleaning method is to use only warm water or pH neutral cleaner with a soft clean cloth. Never use an abrasive cloth. Never use chlorine, caustic, acid or alkaline based cleaners.

OUR ENVIRONMENTAL COMMITMENT

Sustainability is high on our agenda and we strive to make the least environmental impact. From the wood we use, the energy we consume, to our transport logistics, we take care to ensure we operate as responsibly as possible.

The information contained in this brochure is correct at the time of print as of January 2022. However, we reserve the right to alter materials and specifications in line with our continuing programme of product and service development.

HOW TO ACTIVATE YOUR UTOPIA GUARANTEE

Once your bathroom has been installed remember to activate your guarantee on our website. You will need to include the name of the Utopia retailer you purchased from.
