tokyo

Tokyo is suitable for the home, where the focus is on design, quality and durability. The series combines classic craftsmanship with a solid, black-painted steel frame, creating an elegant and exclusive contrast. Tokyo is thus a noticeable furniture series for the modern home.

Tokyo is maintenance-free as the series is made of American walnut veneer with a semi-varnished surface, so you can still see and feel the structure of the wooden veins. There is LED lighting in the glass cabinet, butterfly extensions in the dining table as well as a soft close in all doors and drawers.

Tokyo is maintenance-free as the series is made of black lacquered oak veneer with a semi-varnished surface, so you can still see and feel the structure of the wooden veins. There is LED lighting in the glass cabinet, butterfly extensions in the dining table as well as a soft close in all doors and drawers.
